

You cannot create or select a virtual background until you join a meeting. If you did not create a virtual background during setup when you connected to your first meeting, this document will walk you through the steps to use or customize a virtual background.

First, you have to tap on *Join a Meeting*.

Next, tap the three dots in the upper right corner and tap *Virtual Background*.

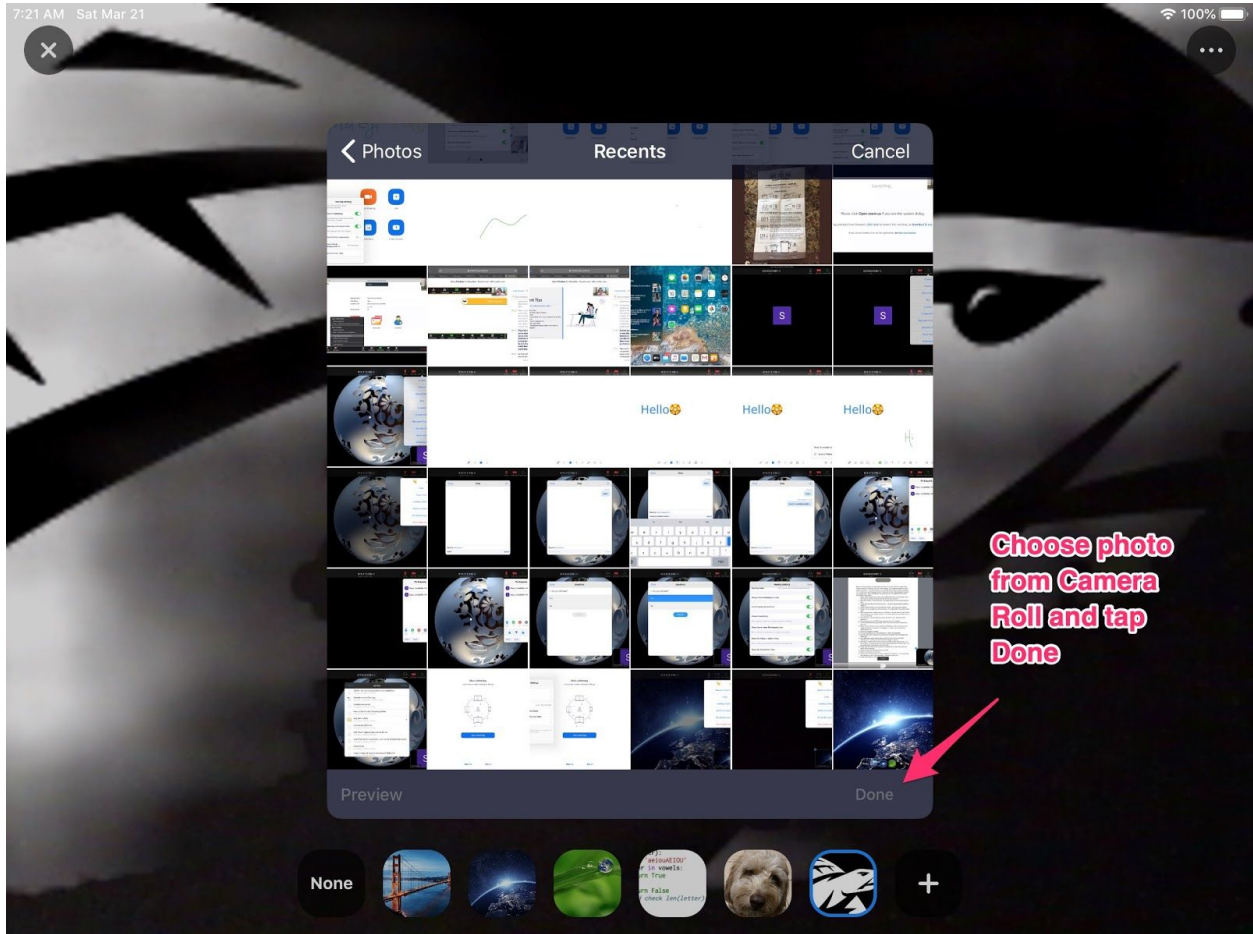

You have two options:

- Use one of the three stock virtual backgrounds provided by Zoom
- Click the + sign and select an **appropriate** photo from your Camera Roll

To set a custom background, after tapping the + sign, scroll through the photos in your Camera Roll, tap on the one you would like to use, then tap *Done*.
